Welcome Message from
Professor Noipool Worapree
Chairman, IASGO Thailand Chapter
Chairman, Organizing Committee

Dear Friends and Colleagues

On behalf of the International Association of Surgeons, Gastroenterologists and Oncologists (IASGO), Thailand Chapter, I would like to invite you all to the 2nd IASGO Bangkok International Postgraduate Course to be held during 27-29 January 2011 at the Aor Por Ror Building, King Chulalongkorn Memorial Hospital, Bangkok, Thailand.

The theme of January 2011 Bangkok IASGO Course is Hepatobiliary-Pancreatic Cancer: Next Generation. Several world-renowned surgeons in the field of Hepato-Biliary-Pancreatic Surgery from overseas have been invited to share their expertise and experiences in this Course. Several Thai surgeons, oncologists and interventional radiologists have also been invited to join and share their experiences in their fields. The scientific committee chaired by Dr. Sapanit Nivinwongse and his team, has been working tirelessly to make sure that all important aspects of updated surgery and related topics in hepatobiliary tract and pancreatic cancer are covered in details.

Please come and join us in January when the weather is nice and cool. Before or after the Course you may want to enjoy sightseeing tours of Bangkok or trips to interesting places like Chiang Mai, Phuket or Koh Samui, and to meet with your old friends and make new ones.

Looking forward to welcoming you all in January 2011.
