Dear Colleagues

It is our pleasure to invite you to the 14th Regional MRCOG Part II Examination Course in Singapore, where trainees will get to experience the full-scale mock exam before sitting for the actual one in the UK. Two senior RCOG examiners have been invited to teach at this course. Individual feedback will also be offered to each candidate to help you improve on your exam techniques.

This year, we are privileged to have Mr Derek Tuffnell and Dr Imogen Montague, both MRCOG examiners to conduct this course.

We urge you to take this opportunity to learn the proper techniques to help you pass your MRCOG Part II Exam, as well as to experience the new format of this exam for the first time in a full-scale mock setting. Our esteemed UK examiners will also offer insight on how the papers are marked and what the RCOG looks for in the candidates.

We look forward to meeting you at the course! Cheers
