The Singapore-Malaysian Congress of Medicine (SMCM) is a biennial meeting bringing together academicians, specialists and medical professionals from Singapore, Malaysia and around the region, to address important and major healthcare issues and trends, debate on emerging challenges, share clinical experiences, and establish vibrant network for research collaboration in the interest of advancing the art and science of medicine.

The Tripartite Congress of Medicine, inaugurated in Hong Kong in 2010, is a triennial collaboration conceived by the three academies; Academy of Medicine of Malaysia, Academy of Medicine, Singapore and Hong Kong Academy of Medicine. It aims to foster stronger ties and enhance the sharing of knowledge amongst academicians from Malaysia, Singapore, Hong Kong and around the region.

The theme for the 2013 meeting is “The New Reality in Medicine – Caring for Patients with Multiple Co-Morbidities.” The congress will provide an excellent opportunity to relearn our clinical medicine from our colleagues.
