Jointly awarded by the
ACADEMY of MEDICINE, SINGAPORE and the
CHAPTER of RESPIRATORY PHYSICIANS, COLLEGE of PHYSICIANS, SINGAPORE
**Admission Criteria**
Applicants must satisfy the following criteria for admission into this programme:

- Possess Temporary registration (Service), Conditional registration or Full registration with the Singapore Medical Council (SMC);
- Recommended by the head of department or Director of the sponsoring institution on the basis of merit; and
- Have at least 1 year of working experience (post-housemanship) in a General Medical department in their home country or at least 6 months working experience in General Medicine in an accredited hospital in Singapore
- Have at least 1 year of working experience in the Singapore TB Control Unit

**Programme Duration**
This is a 2-year training programme. During this period, the candidate will be rotated through the TBCU Outpatient Diagnostic Clinic, Contact Clinic and Inpatient ward (at CDC) and will also be involved in field work (eg. visits to Prisons and Institute of Mental Health)

**Assessment Criteria**
This will be based on:

- Continual assessment based on weekly meetings with supervisor during which management of new / problematic cases will be discussed.
- Training log book
- A final examination will be conducted at the end of the course, consisting of the following:
  1. Multiple choice questions
  2. Short questions

**Training Curriculum**
Applicants who are enrolled onto the Staff Registrar Scheme for the Diploma in Respiratory Medicine (TB - Clinical & Public Health) are required to actively participate in the educational training programmes of the TBCU:

- Monthly journal club presentations
- Fortnightly teaching sessions
- Weekly Grand Ward Rounds
- Twice-weekly chest conferences

The candidate is to undertake at least one research project and publish at least one paper in a peer-reviewed journal during the training course.

**Logbook**
The candidate must maintain a logbook to record:

- Attendances at department and hospital training programmes
- The variety of clinical cases seen
- Self study activities
