Master’s message

Dear Fellow Academician,

43rd Singapore-Malaysia Congress of Medicine (SMCM)

In this Newsletter you will find an update of the recently completed 43rd SMCM on the theme “Reducing Morbidity and Mortality in the Next Decade”. Thank you for your support and we are extremely grateful to the Organising Committee chaired by Dr Lim Shih Hui and the secretariat for their hard work. If you were unable to participate, the report of the 43rd SMCM will give you an impression of the social and scientific programme.

At the Opening Ceremony, 41 new inductees were admitted into the fold of the Academy, including our Guest-of-Honour, Dr Vivian Balakrishnan. It is also our privilege to confer 22 distinguished Presidents of overseas Colleges as Fellows of the Academy. And for the first time, 11 doctors who have completed the AMS Diploma under the Staff Registrar Scheme also received their diplomas that evening.

44th Malaysia-Singapore Congress of Medicine/1st AMM-AMS-HKAM Tripartite Congress

The first Tripartite Congress would be held in Hong Kong in 2010. This Congress will be held every 3 years, to be hosted by the 3 academies by rotation and would not interrupt with the annual Malaysia-Singapore Congress of Medicine. The second Tripartite Congress would be held in 2013 to coincide with the 47th Singapore-Malaysia Congress of Medicine hosted by Singapore.

New Council 2009-2010

The Academy’s AGM was held on 20 June 2009 at the NKF Centre. Please see page 3 for the list of office bearers elected to the 2009-2010 Council. I would also like to take this opportunity to thank members of the past Council for their hard work, dedication, patience, understanding and cooperation. The future has many opportunities for us. Hopefully we will put the Colleges and Chapters on a strong foothold and they will play a more important role in the postgraduate training of doctors, CME programmes, training protocols, professional and ethical practice guidelines, distance learning, and systematic exit examination and interviews are some of the areas we are focussing intensively.

I would also like to congratulate Dr Tan Kok Chai on being elected Master-Elect. His term of office for 2 years as Master will begin in June 2010.
DMS’s visit to AMS

The Ministry of Health’s Director of Medical Services, Prof K Satku, was hosted to a dinner at the Academy’s premises on 26 June 2009. Master, Assistant Master, Past Master and Executive Director, AMS gave a quick tour of the premises followed with a presentation of AMS by Master.

MOH and AMS signs a Memorandum of Understanding in SS-ITE

A Memorandum of Understanding was signed between the Ministry of Health (MOH) and the Academy of Medicine, Singapore for the furtherance of medical post graduate specialist training on 3 July 2009. The MOH and the Academy will work together to establish the structure and programmes for the furtherance of medical post graduate specialist training in the form of various Specialty-specific In-Training Examination (SS-ITE) which will be compulsory for trainees under the respective Specialist Training Committees (STC). The registration fees for the ITE will be borne by MOH for all local trainees. MOH will be engaging with the relevant American organisations and maintain oversight of this programme. The Academy will administer the programme in consultation with MOH and the Specialists Accreditation Board (SAB).

Internal Medicine In-Training Examination

The first programme to be administered by the Academy is the American College of Physicians Internal Medicine In-Training Examination®. The exams is held from 9—21 October 2009 in the United States, Canada and 20 International Centres. In Singapore, the exams was administered over two Saturdays, 10th and 17th October. A total of 156 BSTs and ASTs sat for the exams at the United World College, Dover Road Campus.

Our Heartiest congratulations to
AMS Council Member,

Activities organized by the Academy, Colleges and Chapters are available at [http://www.ams.edu.sg/calendar.asp](http://www.ams.edu.sg/calendar.asp)
The annual Induction Comitia was held during the Opening Ceremony of the 43rd SMCM on Thursday, 6 August 2009 from 6.00pm to 9.00pm. The Guest-of-Honour for the event was Dr Vivian Balakrishnan, Minister for Community Development, Youth & Sports.

Twenty-two Presidents of overseas Colleges from 7 countries were conferred as Fellows of the Academy of Medicine. Additionally, 40 specialists, including our Guest-of-Honor, Dr Vivian Balakrishnan were inducted as Fellows of the Academy. And, for the first time, 11 doctors who have completed the AMS Diploma under the Staff Registrar Scheme were presented the Diploma Certificates that evening. The evening highlight was the 19th Gordon Arthur Ransome Lecture delivered by Prof Tan Chorh Chuan, President, National University of Singapore — Three I’s and the Future of Medicine

The Pre- and Post-Congress Workshops and Teaching Courses organised by the College of Physicians and College of O&G were very well received by the participants. Together with the Pre- and Post-Congress Workshops and Teaching Courses, the Congress covered the latest advances in clinical medicine, as well as discussed issues related to medical education, ethics and professionalism.

More than 400 participants from 19 countries attended the two-day scientific meeting held at the Grand Copthorne Waterfront, Singapore from 6 - 8 August 2009.

A superb scientific program was planned by the organising committee chaired by Dr Lim Shih Hui. With a total of 96 presentations, which include 19 invited international speakers, the congress addressed the causes of morbidity and mortality in the next decade as well as sharing experiences and strategies in reducing them in the next decade.

Chapter of Public Health and Occupational

4th Singapore Public Health and Occupational Medicine Conference
27 & 28 August 2009, Orchard Parade Hotel

The theme “Public Health & Occupational Medicine in Challenging Times” was chosen. Professor K Satku, Director of Medical Services, Ministry of Health was the Guest-of-Honour and keynote lecturer.

Both overseas and local speakers were invited to share their views on the latest Public Health and Occupational Medicine issues. There was good coverage on current topics of interest such as the H1N1 pandemic and the future of public health training.

This year’s conference was the largest ever with about 200 participants, including a delegation of students from Kunming Medical University. There was also an overwhelming response for the free paper submissions with 55 oral presentations and posters. On the whole, participants enjoyed and benefited from the wide range of important topics presented, and the invaluable networking within the community.
