CHAPTER OF FAMILY MEDICINE PHYSICIANS

CHAIRMAN'S MESSAGE

Dear Fellow Academicians of the Chapter,

We have decided to start a simple e-newsletter to keep in touch with everyone. As family medicine physicians, we probably know more than the average doctor, of the importance of good 2 way communication.

I hope this will be one small step towards moving the needle a little bit to the positive side. We are mindful of the information overload, the need to have a small ecological footprint and not to clutter up our electronic mail boxes. Hence this short but hopefully useful newsletter of essential updates on what's going on with the Chapter. Secondly we are in the process of organising the Chapter members into small groups, to take turns to handle the many requests for opinions and representations by/on various work-groups. This will allow all to be actively involved in Chapter activities.

Do let us know if you have ideas on how we can improve the newsletter or on any other matters. Please write in to me or any of the EXCO members. Tell us what you think and what we can do together as group of like-minded colleagues, passionate about moving family medicine forward.

On behalf of the Chapter and the Academy, season's greetings and a happy new year.
